Good morning,

Draper's City Council is meeting this evening and would like staff to brief them on the Geneva expansion plans. You may not be the best person to answer our questions; we are looking for an overview, including anticipated impacts and regulatory conditions of approval. If there is someone else more familiar with the proposal, I would really appreciate you forwarding this email to them. Thanks in advance for your attention to this request.

Margaret Pahl, AICP

The city council can send us any concerns even if the public comment period is closed.

Thanks for your help.
Did you mean November 17th?

Margaret,
Here are the maps and text from the permit we talked about. The public comment period ended on October 17, 2008.
Tom
